

# ABOUT ACS

Australian Clutch Services (ACS) is an Australian owned company and is regarded as the market leader in the supply of new and re-manufactured clutch components and systems.

Operating for over 30 years, ACS is based in a purpose-built warehouse in the industrial hub of Adelaide, incorporating Manufacturing, Research and Development, Sales and Service, Warehousing, and Distribution into the one facility.

Our commitment | Our promise to you.

Australian Clutch Services (ACS) has a commitment to quality and their technical knowledge. Technical information is continually updated and managed by an online database, and every model of clutch is individually tested and catalogued, giving ACS the edge in product knowledge.

ACS has implemented a comprehensive clutch technical and application database including their own brand websites and online catalogues for each product range.

The team at ACS strive to keep their online catalogue up to date with a live-system allowing for constant updates and additions.

We cater for Automotive, Commercial, Agricultural, Forklift, Marine and Industrial applications.
